**DIRECTIONS FOR USE:** To be used in the manufacture of an insecticide that is registered under the PEST CONTROL PRODUCTS ACT.

**PRECAUTIONS:** PREVENT ACCESS BY UNAUTHORIZED PERSONNEL. May be fatal if swallowed, absorbed through the skin or inhaled. Causes eye injury. Do not get in eyes, on skin or on clothing. Wear protective clothing and rubber gloves. Wear a mask or pesticide respirator. Wash thoroughly with soap and water after handling and before eating, drinking, or using tobacco. Remove contaminated clothing and wash clothing before reuse. Do not breathe dust.

Do not contaminate irrigation water supplies or aquatic habitats by cleaning of equipment or disposal of wastes. DO NOT discharge effluent containing this product into sewer systems, irrigation water, lakes, streams, ponds, estuaries, oceans or other waters.

**ENVIRONMENTAL HAZARDS:**

Toxic to aquatic organisms, bees, and non-target terrestrial plants.

**FIRST AID:**

**IF SWALLOWED:** Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

**IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

**IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice.

**IF INHALED:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice.

Take the container label or product name and Pest Control Product Registration Number with you when seeking medical attention.

**TOXICOLOGICAL INFORMATION:** There is no specific antidote. All treatment should be based on observed signs and symptoms of distress in the patient. In severe cases of overexposure by oral ingestion, lethargy, muscles tremors and in extreme cases possible convulsions may occur.

**STORAGE:** Keep out of reach of unauthorized personnel. Keep in original container during storage. Store unused product in original container only, out of reach of children and animals. Store product in cool, dry, well-ventilated place away from seed, feed, fertilizer, or other pesticides.

**DISPOSAL:** Canadian formulators using this product should dispose of unwanted active ingredient and containers in accordance with municipal or provincial regulations. Completely empty container into manufacturing equipment. Triple rinse container (or equivalent). For information on disposal of unused, unwanted product, contact the manufacturer or the provincial regulatory agency. Contact the manufacturer and the provincial regulatory agency in case of a spill, and for clean-up of spills.

**NOTICE TO USER:** This pest control product is to be used only in accordance with the directions on the label. It is an offence under the *Pest Control Products Act* to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that arises from any such use of this product.
