DIRECTIONS FOR MIXING: Add 50 mL of Safer's TROUNCE® concentrate to 1 litre of water. Stir thoroughly.

DIRECTIONS FOR USE: Indoor Use: Controls aphids, whitefly, scale, spider mites and mealybugs indoors on houseplants and greenhouse plantings: spray insects to wet when they first appear. Repeat 10-14 days later if necessary. **Outdoor Use:** Controls aphids, caterpillars, leafhoppers, earwigs, beetles, whitefly and chinch bug on fruit trees, landscape trees, ornamentals, flowers, shrubs, vegetables and chinch bug on turf: Spray insects to wet when they first appear. Thorough coverage is essential for effective control. Repeat 10-14 days later if necessary. May be used on edible crops up to the day before harvest. Wash fruits and vegetables before using.

PRECAUTIONS: KEEP OUT OF THE REACH OF CHILDREN. Product can cause skin and eye irritation. Avoid contact with skin and eyes. Potential skin sensitizer. Keep pets and children out of the treated area until after the spray has dried. Do not apply to blossoms or when temperatures exceed 28° C. This product is toxic to fish. Do not apply where runoff is likely to occur. Do not contaminate streams, lakes or ponds. Do not use on sweetpeas, nasturtiums or delicate ferns. Spinach and schizanthus may be sensitive to topical foliar spraying. If in doubt about a sensitive species, spray a small test area on a plant before treating entire plant.

DISPOSAL: Rinse container and dispose of in household garbage. Do not reuse empty container.

FIRST AID:

IF SWALLOWED: Call a poison control centre or doctor immediately for treatment advice. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person.

IF ON SKIN/CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferable mouth-to-mouth if possible. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION: This product contains petroleum distillates. Vomiting may cause aspiration pneumonia. Treat symptomatically.
