**DIRECTIONS:** Effective, fast acting, ready to use insecticide. Apply with conventional sprayers or a cloth.

**HORSE AND LIVESTOCK SPRAY:** To protect cattle and horses from horn flies, house flies, mosquitoes and gnats, apply a light mist sufficient to wet the surface of the hair. To control stable flies, horse flies, and deer flies, apply at a rate of 60-120 mL per adult animal sufficient to wet the hair thoroughly. Repeat treatment daily or at intervals necessary to give continued protection. To control face flies, apply with a cloth dampened with the spray. To control blood sucking lice, apply to the infested areas of the animal. Use a stiff brush to get the spray to the base of the hair. Repeat every 2-3 weeks if required.

**HOUSEHOLD SPRAY:** Leaves no oily or objectionable residues.

Indoor Application: Use of this product in food processing areas should be limited to periods when the kitchen is not in operation. Food should be removed or covered during treatment.

All food processing surfaces should be covered during treatment or thoroughly cleaned before use. Vacate areas and ventilate before reoccupying. For maximum results, a combination of spot treatment and surface spray is recommended.

Surface spray: To control cockroaches, palmetto bugs, ants, silverfish, spiders, crickets, clover mites, cheese mites, granary weevils, confused flour beetles, spider beetles, cigarette beetles, drugstore beetles, meal worms, grain mites and cadelles. Adjust spray to a coarse wet spray. Direct the spray into hiding places, cracks and crevices around containers of stored foods, behind shelves and drawers. For silverfish, spray bookcases. For ants, spray trails, nests, and points of entry. If surface application only is to be used, spray floors and other surfaces at the rate of 3.8L to 750 square feet of area.

**PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. HAZARDS TO HUMANS:** Harmful if swallowed. Avoid contamination of feed and foodstuffs.

**HAZARDS TO ANIMALS:** Avoid contamination of feed and foodstuffs. Use on Show, Race, Work or Pleasure horses only. Do not use on horses intended for slaughter, nor on newborn or nursing foals. Do not apply directly to eyes and mouth of animal. Do not wet the skin, nor cover horses immediately after treatment. Do not apply to back of animal just before saddling.

**ENVIRONMENTAL HAZARD:** This product is toxic to fish. Keep out of lakes, streams or ponds. Do not apply where runoff is likely to occur. Do not contaminate water when disposing of equipment washwaters. Apply product only as specified on this label.

**FIRST AID:** If in eyes, flush with plenty of water. If on skin, wash thoroughly with soap and water. Consult a physician if irritation persists. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

**TOXICOLOGICAL INFORMATION:** Treat symptomatically.

**STORAGE AND DISPOSAL**

**STORAGE:** DO NOT TRANSPORT OR STORE UNDER 0°C. Store in original container only.

**DISPOSAL:** Do not reuse empty container. Wrap and dispose of empty container with household garbage.
